Public Institutions need to be transparent, inclusive and accountable in order to deliver goods & services in an effective manner. This assurance is provided to the stakeholders through an effective public audit. This can be achieved by continuous upgradation of auditing skills. For this, the skill sets must be redefined and benchmarked against the latest developments in Information technology and public service delivery systems.

The International Centre for Information Systems and Audit of SAI India, fulfills this capacity building requirement by offering international training programmes and bespoke bi-lateral training programmes in the area of public audit across their full spectrum. This centre was established in 2002 and due to this audit initiative, SAI India was awarded the prestigious Prime Ministers Award for Excellence in Public Administration.

This brochure provides an overview of our training programmes during the calendar year. Included here are brief introductions to our training methods and our various facilities. Some images from recent training programmes have been added to showcase the spirit of the participative experience of our programmes.

The continuing growing demand of our training programmes demonstrate their relevance, effectiveness and world class quality. As on date we have trained 4,613 officers from 146 countries round the globe. In the last decade, we have trained more than 2000 auditors and other professionals from various countries. The right balance of basic and advanced topics makes our training programmes inclusive, for both the uninitiated and the experienced. We choose our faculties carefully which comprise highly qualified practitioners and thought leaders with diverse backgrounds and world class experience.

I look forward to welcoming you here at iCISA. I am sure that the memories of your training and stay will be cherished by you in times to come.
The Supreme Audit Institution (SAI) of India was set up over 150 years ago, in 1860. It is headed by the Comptroller and Auditor General of India, a Constitutional Authority, appointed by the President of India.

SAI India's mission is to promote accountability, transparency and good governance through high quality auditing and accounting and to provide independent assurance to all its stakeholders, including the Legislature, the Executive and the Public, that public funds are being used efficiently and for the intended purposes.

Presently, SAI India has MoUs with 17 Supreme Audit Institutions for co-operation in the field of public auditing. The Comptroller and Auditor General of India is the chair of INTOSAI Committee on Knowledge Sharing, Committee on Knowledge Services and the INTOSAI Working Group on IT Audit (WGITA). The Comptroller and Auditor General of India is the chairman of the United Nations Board of Auditors.
The Indian Technical and Economic Co-operation (ITEC) (ITEC)

The Indian Technical and Economic Co-operation (ITEC), a flagship capacity building programme of Ministry of External Affairs has been in existence since 1964. ITEC has been an important vehicle for sharing knowledge, skills and expertise with the rest of the developing world.

ITEC has acquired a strong brand name in India's global capacity building initiatives. Its scope, which was essentially bilateral in nature, has now been expanded to include regional and multilateral organizations such as ASEAN, G-77, G-15, African Union and its regional communities, Caribbean Community, Commonwealth and IOR-ARC, among others.

Over the last several decades, ITEC programme have attracted thousands of participants from Asia, Africa, Latin America and Central Europe for training in a diverse range of subjects at a large number of institutes across the country. In collaboration with ITEC, iCISA has been conducting international training courses in public audit since 1979. ITEC completed fifty years of its establishment in 2014.
Why Professional Development?

Supreme Audit Institutions work to ensure accountability and transparency in governance in a fast changing and globally connected world. As modes of public service delivery change with latest developments in ICT, auditors need to sharpen their skill sets to be able to add value to society and to remain relevant to its needs.

Training Facilities of SAI India

- The International Centre for Information Systems and Audit (iCISA), Noida
- The International Centre for Environment Audit & Sustainable Development (iCED), Jaipur
- The National Academy of Audit and Accounts (NAAA), Shimla
- Twelve Regional Training Institutes and Centres
- In-house training facilities in all local offices
The International Centre for Information Systems and Audit (iCISA), Noida was set up for Information Systems and Information Technology Audit in March 2002 to design frontline audit products and conduct high quality, skill-developing training programmes for national and international participants, using the latest pedagogy and training tools.

iCISA has been conducting international training programmes, as a part of its mandate, since inception. Our programmes cut across practically all audit domains, riding on the back of a rich heritage of knowledge and skills. Careful and creative content design and a wide and diverse pool of world class faculty from all spectrums of economy have ensured our programmes are thought-provoking, informative, engaging and aspirational. Some of the recent programmes have been on the following themes:

- Auditing in IT Environment
- Audit of e-Governance Projects
- Financial and Regularity Audit
- Audit of Government Receipts
- Audit of State Owned Enterprises
- Performance Audit
- Audit of Social Sector Schemes
- Environment Audit

The focus of our trainings is on emerging areas and new developments in auditing including international best practices and INTOSAI auditing standards. Our trainings are imparted in a multi-cultural setting that encourages sharing of ideas and experiences. In 2017-18, 216 persons from 71 countries attended our six multilateral programmes.

We impart bilateral training to officers from foreign governments on request from SAIs and Government Institutions. In April 2018, 11 officials had attended bilateral training programme on UN audit for SAI Chile. In 2016-17, 109 officials had attended our three bilateral programmes. We also spearhead the capacity building programmes for our own organization.

iCISA is an ISO 9001:2008 (QMS) and ISO 27001 (ISMS) certified institution.
As the Primary Resource Centre for information technology in SAI India, iCISA is the Knowledge Hub for training in Audit of Information systems & e-Governance. Over the last five years, more than 2,500 national and international audit professionals have been trained for auditing in different IT platforms tools and environments.
The Campus

Our campus, spread over ten acres (40468 sq mtrs.), is a compact arrangement of various facilities designed to make the stay of the participants comfortable and enlivening. The elegantly landscaped campus includes separate blocks for training and accommodation and a host of recreational and sporting activities. The campus also has a rain water harvesting system and a rapid composting unit which caters to its horticultural requirements.

The location of all facilities within close proximity allow the participants to not only upgrade their auditing skills but also forge bonds of friendship with people from across the world.
Academic Block
Centrally air-conditioned, the Academic Block comprises lecture and seminar halls, a conference hall, two EDP labs, a well-stocked library, a documentation centre and administrative offices with wi-fi connectivity.

Hostel Block
Participants are provided single occupancy air-conditioned accommodation with ensuite bathrooms. Every room has a TV, a computer, high-speed internet and Wi-Fi connectivity.

A spacious dining hall is serviced through a modern kitchen with a multi-cuisine menu prepared hygienically under strict supervision. Trained in-house cooks ensure proper dietary standards while catering to the global palette. iCISA's food is immensely popular with all the participants.
Recreational and Sporting Facilities

iCISA offers a host of recreational and sporting options to its trainees:

- Swimming Pool and Steam bath
- Gymnasium
- Library and information centre with rich audio-visual content
- Outdoor Games: Football, Tennis, Badminton, Basketball, Mini Golf
- Indoor Games: Billiards, Table Tennis, Carrom, Chess
- Daily yoga lessons with an expert
- Indoor auditorium with a 161-seating capacity used for cultural evenings and film screenings
The Curriculum

iCISA believes in a participative learning experience. The curriculum is innovatively designed and comprises interactive lectures, group discussions, group projects, hands-on practical sessions and audit case studies. The case studies are drawn from real life audit scenarios and are presented by experts in the field. The medium of instruction in the training programme is English.

Faculty

iCISA's faculties are drawn from SAI India, other Government departments, public and private sector organisations, accounting and auditing firms, universities and other academic institutions. Senior professionals from Non-Governmental Organisations (NGOs), Community Based Organisations (CBOs) and media are also part of the faculty. iCISA chooses its faculties carefully to ensure that the participants earn their spurs only from the very best in their respective fields. The resource pool comprises highly qualified practitioners and thought leaders with diverse backgrounds and world class experience.

Country Papers

Country Papers are a useful tool that allows participants to learn about the audit practices and issues in other countries. Experience-sharing, an important objective of the training, is served through country paper presentations.
Course Material
Apart from several books on the subject, participants are provided a pen drive of all presentations, lectures, case studies, country papers and relevant material for their future reference.

Course Evaluation
Feedback is taken from participants on faculty performance and all other aspects related to the training including residential comfort. This serves to gauge the effectiveness of our programmes and also ensure that only the very best come back to teach and train at iCISA.

Certificate of Participation
On successful completion of the programme, participants are awarded a certificate at a valediction ceremony at iCISA.
A participating nation is chosen for special focus. A day is devoted to the country to enable participants to learn more about its polity, society, economy and governance. Dignitaries from the respective embassy/mission of the theme country and expert faculties deliver lectures and interact with the participants on the designated day.
Study Tours

Field visits and study tours are an integral part of the training imparted at iCISA. The visits offer an excellent opportunity to understand activities at the ground level and observe the socio cultural context in which these are placed. Participants are taken on a 5-day study tour to experience the richness and diversity of India.

Participating Locations:
- Participants at Infosys campus, Mysuru
- Participants in Gwalior
- Participants in Udaipur
- Participants at Chief Minister’s Secretariat, Odisha
Programme Eligibility

Funding Schemes
All programmes offered by iCISA under ITEC scheme are funded by the Government of India:

ITEC of the Ministry of External Affairs, Government of India
The Indian Technical and Economic Co-operation Programme (ITEC) was launched in September 1964 as a bilateral programme of assistance by the Government of India. Under ITEC scheme, 162 countries in Asia, Africa, East Europe, Central and Latin America, Pacific and Small Island countries are invited to share their development experiences.

Self-Financing Scheme (SFS)
Applicants who do not qualify for scholarships under the ITEC schemes can apply under the Self Financing Scheme (SFS). Participants applying under SFS pay all-inclusive charges of US$ 3500 towards boarding and lodging, training and study tours, excursions etc. In addition, to and fro air fare in respect of participants' travel must be borne by the sponsoring organizations.
Eligibility/Selection Criteria

iCISA's courses are designed to suit senior and middle level officers of various SAIs. At the same time, officers from other Government departments working in areas directly related with the course content are also considered. For better appreciation of course content, we prefer that the nominated officers have:

- At least 5 years experience in their respective SAI / Department / Ministry.
- Experience in audits in the area they have been nominated for the training.
- Fluency in spoken and written English
- Age between 25 and 45 years.

Other things being equal, our policy is to give preference to female applicants.

Application Checklist

Procedure for filling the application under ITEC scholarship scheme:

- The applications for ITEC scheme is accepted through online mode only.
- To fill the applications under these schemes, please visit the link https://www.itecgoi.in For detailed instructions, please see “Apply for ITEC” on this page.
- After taking out the printout of the application form, please get it forwarded from your respective Ministry/organisation to Indian Mission for further processing.
- These steps should be completed at least 60 days before commencement of the course to ensure adequate time for processing and completion of visa formalities.
- Please e-mail a copy of the application to Director General, International Centre for Information Systems and Audit (iCISA), A-52, Sector 62, Institutional Area, NOIDA-201307, Uttar Pradesh, India, once your application has been forwarded to the Embassy/Indian mission in your country.
  Fax: +91-120-2400041; +91-120-2401430
  email:icisa@cag.gov.in
Procedure for filling the application under Self Financing Scheme (SFS)

- To fill the applications under SFS, please download the form from the link icisa.cag.gov.in/downloads.
- The sponsoring organisation under the SFS should send the nomination form directly to Director General, iCISA. Email: icisa@cag.gov.in

Events at iCISA

Participants performance on Republic day

Participants during Holi celebration

Participants on Republic Day celebration
Advisory

General

- Participants should be in good health, sans any communicable diseases.
- Pregnant women candidates are strictly advised not to apply.
- Each participant should bring six copies of recent passport size photograph.

Travel

- Before leaving their countries, participants must obtain an entry visa to India from the Indian Mission in their respective countries. The validity of the visa must be of eight weeks duration of which at least one week should precede and one week should succeed the course.
- Participants covered under Technical Cooperation Schemes of the Government of India (ITEC) should obtain return air tickets from Indian Missions in their respective countries.
- Participants who are provided air tickets by the Indian Missions should adhere to their ticket schedule. No re-routing/re-scheduling would be done by iCISA.

- Presence of the participant is mandatory for the inaugural and valedictory functions held on the first and last day of the training programme.

Course Related

- Participants are required to present country papers. They should bring with them a brief power point presentation for this purpose.
- Since country papers are meant to serve as research inputs in future, they should be prepared with adequate care and be supported with adequate evidence/documentation.
- A brief country profile (economic, political, cultural and tourism) should also form part of the presentation.
I. **142** \textsuperscript{nd} ITP on Financial and Regularity Audit  
13 August to 7 September, 2018

17 September to 12 October, 2018

III. **144** \textsuperscript{th} ITP on Audit of State Owned Enterprises  
22 October to 16 November, 2018

IV. **145** \textsuperscript{th} ITP on Performance Audit  
26 November to 21 December, 2018

V. **146** \textsuperscript{th} ITP on Audit of e-Governance  
7 January to 1 February, 2019
Course Content

Financial and Regularity Audit

- International best practice for Financial Attest Audit
- Accounting basics
- Understanding Financial Statements
- Overview of IPSAS & IFRS
- ISSAIs- 4200-4299,3100-3299
- Evaluation of Internal Control
- Audit planning: Material and Risk Assessment
- Statistical Sampling in Financial Audit
- Analytical procedures and Substantive Testing
- Reporting on Financial Audit
- Forensic Auditing
- Issues in Regularity Audit
- Audit case studies- Parastatal & Autonomous Bodies

Auditing in IT Environment

- Frameworks in IT management–COBIT
- ISSAIs in IT Audit and IT security
- IT Governance issues
- Controls in IT Environment
- IT Security
- Business Continuity and Disaster Recovery Planning
- Auditing in ERP Environment
- Networks & Vulnerability testing
- Cloud computing and Cloud security
- Use of CAATs & SQL
- Performance Audit of IT Systems
- Data analytics & visualization
- Cyber Forensics
Audit of State Owned Enterprises

- Auditing Standards and Practices
- International Financial Reporting Standards
- International Public Sector Accounting Standards
- Audit of Financial Statements
- Internal Audit and Internal control systems
- Global Perspective on Economic Reforms, Privatization and Disinvestment
- Concepts and Techniques of Privatization and Disinvestment
- Issues in Audit of PPPs
- Forensic Auditing
- Material management
- Financial Audit in IT Environment
- Audit in ERP and SAP platforms
- Use of CAATs

Performance Audit*

- Concepts and Principles of Performance audit
- Strategic planning and annual operational plan
- Implementation guidelines for performance audit of individual subjects
- Issues in Audit of Social Sector Schemes
- Social Audit procedures
- Engaging civil society & NGOs
- Field audit, evidence gathering and audit test programmes
- Survey methodology
- Contemporary approaches to evaluation of projects and schemes
- Use of CAATs in performance audit
- Recommendations and best practices

* The emphasis of this programme would be on the audit of Social Sector Schemes
Audit of e-governance

- Concept of e-Governance
- Opportunities and challenges in e-Governance projects
- Project Governance
- Risk areas in e-Governance projects
- Principles of auditing of e-Governance project
- Impact assessment frameworks
- PPP in e-Governance project
- Contemporary technology options for better service delivery
- Audit issues in G2B and G2C projects
- Use of CAATs
- Data analytics and visualization
- Open data initiatives and use of social media
- m-Governance
- Data standards and interoperability
- Audit of e-Governance projects
What the participants have to say about iCISA:

Leon Tawanda Chinzou
Participants of 140th ITP on Audit of e-governance

It was a memorable experience attending the 140th International Training Programme on Audit of e-governance. It created opportunities for me to widen my network. I met new friends (38 participants from 31 countries) and had the opportunities to meet experts in e-governance. Their skills and experience enriched the content of the course. The visit to historic sites, movie making site, shopping malls and markets exposed me to the way of living of the Indian people. The food served at ICISA was satisfactory. The knowledge that I have acquired will assist me in auditing e-governance programmes when the time comes. Lastly I would like to thank the Ministry of External Affairs of India for selecting me to participate in this 140th International Training Programme on Audit of e-governance and ICISA for offering valuable knowledge and a home away from home.

Leon Tawanda Chinzou
Participants of 140th ITP on Audit of e-governance

My experience in India and iCISA I find great pleasure in expressing my gratitude to all of you. These 4 weeks which we have spent here will remain in our memory for all of our lives as one of the best. I am impressed by your ability to make balance of interactive lectures, practical classes and group sessions into one single learning process, and a high level of lecturers leaves no doubt about the professional level of iCISA. The experience I had in iCISA has only positive impacts in my life and in my career as an auditor. Also, I would like to express my gratitude to iCISA for the opportunity to get new friends from 29 countries of all the world. Thank you incredible India.

Andrii Monastyrskyi (Ukrain)
Participants of 141st ITP on Environment Audit

I would like to thank ICISA and to the Government of India for such good opportunity given to me to be part of ITP140 on the audit of e-governance. It was really a good course and a highly enjoyable month. Lectures facilitation and materials were all excellent. Training was very inspirational, energizing and bringing a lot of new ideas when participant from different countries share their knowledge and experiences. Being part of this course help me to understand more on audit of e-governance and challenges face when introducing such system. A lot of lesson learnt for me, which will definitely share with my work colleagues. I was so happy to participate in celebrating India 69 Republic day. It was an amazing and unforgettable memory. Your warm welcome Dinner at Lodi Garden Restaurant and Social Tour to Taj Mahal and the Agra Fort, the study tour to Hyderabad I tell you, it was such an amazing experience and it amaze me with the incredible project invented by IT Trainee within i-t hub Company.

Also it was a good feeling to be at Ramoji Film Maker, it was a blast to be in Incredible India. Last but not least to ICISA staff thank you for your hospitality and your generosity during my stay. You guys never fail your every day duties to ensure all participants are comfortable, secure and happy.

Thank you.
This is how I define ICISA:
Incredible India has
Cheerful people with
Inspiration ideas in a
Spontaneous campus, thank you to the
Amazing ICISA.
Saline Jacinta Sinapaeai Faolotoi (Samoa)
Participant of 140th Audit of e-Governance
It was an honor for me to have represented my country in the International Training Program on Audit of State Owned Enterprises conducted by iCISA. I had the opportunity to discover more about India and experience the hospitality of its people, particularly the iCISA officials and staff. From day one till the end, we were well taken care of by the iCISA personnel - airport pick up/send off, accommodation, basic needs, shopping, church visits, etc. They provided all our needs and attended to all our requests. As regards the training course, it is well structured and informative. The sessions/topics, group assignments and study tours were applicable and relevant to our work as Auditors. They invited brilliant and seasoned Resource Speakers who were generous enough to share their knowledge and experiences. The group assignments gave us the chance to closely discuss and share our practices/ideas to our fellow participants. The study tours gave us a glimpse of how Power Plants actually operate in India. I am thankful to iCISA for incorporating visits to the Taj Mahal and to the other historical sites during the duration of the training. This allowed me not only to be more acquainted with the history and culture of India but also to mingle and bond with my fellow participants. These made my stay in India more memorable. Truly, I had an amazing iCISA experience and this adventure in Incredible India will forever be treasured and remembered.

Ms. Josephine Alberta P. Lappay (Philippines)
138th ITP on Audit of State Owned Enterprises

It was a pleasure to have the great opportunity to participate in the training program 138th ITP on Audit of State Owned Enterprises during the period from October 23 to November 17, 2017. That was the most impressive month in my life. I would like to emphasize the high degree of professionalism of the lecturers, provided materials and informative presentations. I’m sure that all of the participants came back to their countries with new ideas of use of new knowledge in Audit of State Owned Enterprises and audit tools such as IDEA, Tableau, new experiences public procurement and in audit of PPPs (public private partnership projects).

iCISA is the most perfect place for obtaining solid knowledge in auditing, exchanging experiences and ideas, expanding mental horizons. Generally the course was well-structured, the siteseeing, country visits and shopping are very well planned.

Visiting Taj Mahal & Agra fort, Punjab and Himachal Pradesh, Chandigarh, Guru Gobind Singh Thermal Power Plant (Ropar), Annandale Museum & Indian Institute of Advanced Studies (Shimla), Koldam Hydropower project (Himachal Pradesh), UNESCO World Heritage Site Rock Garden, unforgettable Chilka Lake, GAIL Training Institute (Noida), International Conference on Cyber law, Cybercrime & Cyber security were definitely more than I could have expected from this course. I’d like to extend my sincerest thank you to the Government of India and ITEC for giving me and other participants the opportunity to improve our professional skills in the Audit of State Owned Enterprises.

Tatiana Bazhenova, CAP
Assistant of Analytics, Methodology and International Relations Department
Chamber of Accounts of the Kyrgyz Republic
Participant of 138th ITP on Audit of State Owned Enterprises

The iCISA training program offered me more than just an opportunity to learn about the fascinating new initiatives being undertaken by The Government Of India. It offered me an experience of a lifetime in which I was able to interact and learn new things from persons from all over the world as well as enjoy the beauty of India. The staff was always warm and courteous. Altogether this was simply the most memorable experience in my life.

Priscilla Seejattan (Trinidad & Tobago)
Participants of 140th ITP on Audit of e-Governacne

It was a pleasure to have been selected as a participant of the 137th ITP “Auditing in IT Environment”, hosted by ICISA. The course was very beneficial, well-planned, and facilitated by leading experts in Information Technology and Auditing. As a participant from a developing country, Belize, I was able to develop a greater appreciation for auditing tools such as IDEA and TABLEAU. The hands-on sessions allowed us to use sanitized data to gain a deeper knowledge of auditing tools. Furthermore, the case studies and group work allowed us to demonstrate our understanding of the topics discussed during the theory sessions.

In addition to the wealth of knowledge gained from the presentations, we were able to form lasting friendships with participants from many other countries, each with its own heritage. As part of ITP 137, I was also able to share in India’s rich historical past and visit many interesting sites. My two favorites were the Taj Mahal and Akshardham, where we were delighted to witness the magnificent water show.

In short, participating in the 137th ITP at ICISA was one of the most rewarding and practical experience. It provided me with the tools and knowledge to carry out effective IT auditing, a bond with friends from across the globe and a greater understanding of India. I will forever treasure the memories made at ICISA.

Ernesto Thimbrel (Belize)
Participants of 137th ITP on Auditing in IT Environment

I would like to thank ICISA and the government of India for giving me and my colleagues the opportunity to participate in the Audit of Government Receipts course, which in my opinion was very beneficial in my professional preparation on issues of state audits, providing the expansion of my skills in auditing and putting challenges to achieve in the course of my professional life. The course was very organized, the resource persons very prepared and with strong desire to teach. Besides the historical places visited will always remain in my memories as the best, for being wonders of Indian architecture.

The staff of ICISA always willing to give us their help, and collaboration in the personnel follow-up, and the logistics necessary to complete the course. thank you very much forever ICISA.

Lic. Janet Llanes del Rio (Cuba)
participant of the ITP 136 on Audit of Government Receipts

**Note:** Some SAIs are members of more than one Regional Groups of INTOSAI. Includes participants from non-SAI institutions also.
**Information you can use**

**At the Airport:** After disembarking at the International Terminal of New Delhi airport, you will clear immigration and proceed for baggage collection. If you do not have dutiable items simply walk through the green channel and head towards the exit gate. However, if you have dutiable items, declare them with the Customs Officer on the red channel before exiting. A representative from iCISA will be present in front of the Exit gate no.6 with a placard displaying 'iCISA'. He would help you reach the institute. In case you miss the iCISA representative, you may take a cab from any of the reputed services providers like Meru, Ola, Uber, etc. Payment would be made by us.

For more information, please take a look at our “Advisory on arrival at New Delhi International Airport” at www.icisa.cag.gov.in.

In case of any problem, please contact our liaison personnel at any of the following numbers +91-8800440697, 0120-2402104, 0120-2400039, 0120-2400050/51/52.

**At iCISA:** Please report at iCISA’s reception and check in to the allotted hostel room. An amount of INR 500 will be deducted per day, for your boarding and other expenses, out of the living allowance paid by the Government of India.

**Study Tours:** You must follow the training schedule that will be handed to you during orientation. This includes details on study/outstation tours. Unless on health grounds, no exceptions are permissible. Visits will have demonstrations, guided tours of work/project sites and meetings with beneficiaries and functionaries providing first-hand experience of the audit process. During field visits/Study tours, accommodation will be provided on twin sharing basis.

**Currency:** The Indian Rupee (INR) is available in currency notes of denominations of 5, 10, 20, 50, 100, 200, 500 and 2000. Coins are in circulation in denomination of 1, 2, 5 and 10. Money changers are available at the airports and major shopping areas in most cities and banks. Most large shops and departmental stores accept major credit cards. You are advised to keep receipts of currency changed with you till your departure from India.

**Communication:** Temporary mobile connections can be procured after submitting passport size photograph and photocopy of passport with an application for a local SIM card. A connection takes about 2 to 3 days to be activated.

**Healthcare:** First-aid kits are available at iCISA reception. A doctor is available on Monday & Thursday, between 17.00 hours to 18.00 hours, at iCISA premises. For medical emergencies there is a well-equipped 24x7 private hospital within 1.5 kilometres of iCISA. Drinking water provided in iCISA is purified by a Reverse Osmosis plant and is laboratory tested.
